

TRAVELING TRAINERS PROGRAM

The Training Division of IFTA offers the Traveling Trainers program to assist in the development of family therapy training in areas of the world in need of training resources.

You will find the list of Traveling Trainer Faculty Members under that tab. Faculty Members are committed to offering training on a volunteer basis. You may request anyone from the list to come to your area to train.

If you are in a category II country, you will be asked to provide travel expenses and room and board for the trainer. If you are in a category III country, the Training Division will consider your application for a grant to fund travel expenses. If a grant is made, you will be responsible only for the room and board of the trainer. (Category I countries can be considered under special circumstances.)

If you wish to apply, please go to the Traveling Trainers Program Application tab and fill out the application form. If you have questions, please contact Phoebe Prosky, Coordinator, <mailto:pprosky1@comcast.net>.
